Violent Felony Offense Processing
2006 to 2009

Executive Law §837-a requires the Division of Criminal Justice Services to report on the processing and disposition of violent felony offenses as defined in Penal Law §70.02. This report complies with that reporting requirement. Criminal justice statistical and research reports, including this one, are available on the DCJS website <http://www.criminaljustice.state.ny.us/crimnet/pubs.htm>

INTRODUCTION

Chapter 481 of the Laws of 1978 substantially revised New York State's Penal, Criminal Procedure and Executive laws when it became effective on September 1, 1978. The new law created Penal Law §70.02, which specified certain class B through class E felonies as "Violent Felony Offenses" (VFO). As a result of the legislation, persons convicted of VFOs were sentenced based on laws that were different from the laws that controlled the sentencing of persons who were convicted of other (non-VFO) felonies. Chapter 481 also required the Division of Criminal Justice Services to report on the processing and disposition of persons charged with VFOs.

Since 1978, additional offenses were designated as VFOs and the sentencing laws related to VFOs were changed on several occasions most notably by legislation in 1995 and 1998, which required that persons convicted of VFOs and sentenced to prison receive determinate rather than indeterminate sentences.

This report complies with the original reporting requirement by providing information regarding arrests for VFOs, prosecutions in superior court for persons charged with a violent felony offense in an indictment or superior court information (SCI), and for the disposition of superior court cases.

Cases in this report are characterized by the most serious charge in the event (arrest, indictment/SCI, or conviction). If the top charge in the event is not a VFO, that event is not included in the statistical tables in this report. In addition to the offenses specified as VFOs in Penal Law §70.02, certain class A felonies are included in the statistical tables in this report if attempts to these offenses (class B felonies) are specified as VFOs or if the offense meets the definition of a "predicate violent felony conviction" found in Penal Law §70.04 - Sentence of imprisonment for second violent felony offender. In essence, this includes all class A felonies other than Penal Law Article 220 (controlled substances) felonies.

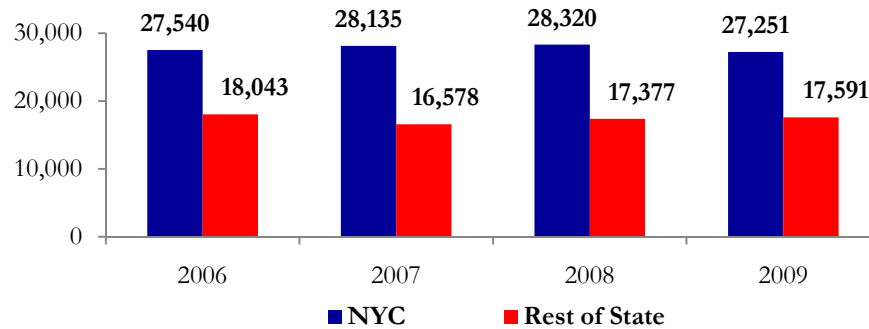

The data source for the statistics in this report is the DCJS Computerized Criminal History (CCH) system. The counts of arrests are derived from information about fingerprintable adult arrests transmitted from law enforcement agencies to CCH. The counts for felony actions (indictments and superior court informations) and for the dispositions of these cases are derived from information about superior court cases transmitted to CCH from the New York State Office of Court Administration. Those data are then extracted to a recently developed Felony Processing File. Some data for 2005 are incomplete in the felony processing file. For that reason, the statistics in this report cover the years 2006 to 2009.

FINDINGS

The tables that are referenced in this section can be found in the appendix of this report. The tables contain detailed information about the processing of Violent Felony Offenses.
